1. Field of the Invention --

Please replace the paragraph on page 1, beginning at line 5, with the following replacement paragraph:

-- The invention relates to a device ~~according to the preamble of claim 1 and to a method according to the preamble of claim 9~~ for thermal waste water purification with a container through which the waste water flows and a method of purifying melamine-containing waste water. --

Please insert the following section heading on page 1, at line 8:

-- 2. Description of the Related Art --

Please insert the following section heading at page 1, at line 17:

-- SUMMARY OF THE INVENTION --

Please replace the paragraph on page 1, beginning at line 18 with the following replacement paragraph:

-- ~~The~~One object of the present invention is to provide a device which is particularly suitable for cleansing waste waters. --

Please DELETE lines 21 and 22 on page 1 in their entity.

Please replace the paragraph on page 1, beginning at line 24, with the following replacement paragraph:

-- The present invention is directed to a device for thermal waste water purification. By using at least one flow guide means the waste water is guided in a meandering fashion into the container. This prevents any mixing back. Setting a predetermined temperature is possible through at least one heating means in the container (hydrolyser). --

Please DELETE lines 28, 29 and 30 on page 2 in their entity.

Please insert the following section heading on page 2, at line 31:
